

FLWEMS Paramedic Medication Information For:
MEDICATION INDEX

General

This index outlines the specific pharmaceutical supplies and the supplemental data for those medications maintained on all General Leonard Wood Army Community Hospital non-tactical GSA emergency ambulances and Chemical Defense Training Facility. Other specific pharmaceuticals may be withdrawn from hospital sources to be utilized during intra-facility transports for patients who may have specific individual needs. These situations will be handled on a case-by-case basis and may be subject to Quality Assurance reviews. Paramedics shall document all medication administrations, returns and wastages IAW Department of the Army and Medical Department Activity guidelines.
